

STAR HILL FARM, *Kentucky*

From the whisky in your glass to the food on your plate, flavor is at the heart of everything we do here at Star Hill Farm.

We like to say that Maker's Mark is 'nature distilled' and a brief glance at this map will show you how seriously we take our role as inheritors and stewards of this beautiful slice of central Kentucky.

To the greatest extent possible, everything that goes into our bourbon, our cocktails and onto our menu is locally sourced and sustainably produced. All meat on the menu, whether our own or from our partners, is humanely raised. We are constantly trying new ways of farming and pushing flavor boundaries - our farm is now fully regenerative, actively improving the health of the planet.

Sometimes the old ways are still the best ways though, following our founder's taste, vision and ideals - and our passion is to fulfill that vision for generations to come.
